Thanks Roger. Are you in the 8hr refresher tomorrow? I just arrived in town. I have a meeting with DEQ. We'll talk.

Given all the other duties that have been assigned to you so that your co-RPM can dabble with something new, not sure how aware that you were of Robert's departure. However, thought you might be interested in the email below as it does impact CFAC and you were not copied.

Subject: CIC Support for Montana

Hello everyone,

Given the recent resignation of Robert Moler I thought I should reach out and provide an update as to the status and plans forward for CIC support for the Montana sites. As we all know historically there have been gaps in CIC support for the Montana RPMs. Also, you all do a great job working in your communities. With the hiring of

Robert it's been great to see the added support to your sites and through the hiring of Robert it helped in bringing a level of awareness of need for CIC support in Montana. Unfortunately, the PAI Unit is ½ the size we used to be and therefore is limited in what services we can provide. However, while waiting for the approval and hiring of Robert's backfill please don't hesitate to reach out and let me know of any CIC needs you may have and we'll do our best to support you.

Since we have not been engaged in the Montana sites Chris, myself and Jennifer will be travelling to Helena the week of June 25 to meet individually with each of you to familiarize ourselves with your sites and assess site needs. We also plan to visit a couple of the sites while we're there. I'll be sending out meeting invites to each of you for a meeting with us sometime that week. We had hoped to come sooner but due to other travel conflicts June 25 was the first week we could make it work.

Here's what we've temporarily proposed and/or implemented for support so far:

Chris Wardell – Anaconda and Silver Bow Butte

Jennifer Chergo – Upper Ten Mile for the 5 Year Review and future needs

Chris Wardell – Milltown support in June

I'm also aware of the upcoming proposed plan for ACM. Charlie, let me know what needs you may have and we'll figure it out.

We can also support display ads, drafting and publishing. We'll just need to figure out the funding as I believe Montana gets their own funds for ads. If you have website needs please feel free to reach out to Bill Cooper (303-312-6954).

Feel free to reach out!

Sincerely, Libby
